

Freelance Videography

After July 1, 2023, videographers in the Office of Public Affairs and Communications (OPAC) will be devoted full-time to collaborative work that aligns with the University's strategic framework themes and messaging priorities. They will not be available on a for-hire basis to undertake additional projects; this work will be handled by outside service providers.

Videography service providers on this list have done work on campus and are familiar with University standards and protocols. You will need to contact the provider directly to learn availability and rates. The department or group contracting a provider is responsible for arranging payment directly to the provider using standard Notre Dame vendor payment methods.

The following list is in alphabetical order.

Chuck

In general, outside videography services should be secured for the following projects:

-  Instructional/how-to videos
-  Event/conference coverage and b-roll capture
-  Teleprompter stand-ups
-  Television commercials
-  Editing video shot by a third-party

For questions on this policy, please contact:

Michael Wiens, visual media coordinator,
mwiens@nd.edu

Andy Fuller, executive director of brand content, andy.fuller@nd.edu
